

HERE'S THE SCOOP

Houston Works USA has partnered with the Ben and Jerry's ice cream franchise to form a "partnership" in downtown Houston. A grand opening was held on July 18th. The business serves as an employment experience for youth while they are training and going to school. If you want a special treat some day, take the Metro train down Main Street, get off at Texas Avenue by the former Rice Hotel (now the Rice Lofts) and stop in for a guaranteed special treat.
