Re: Workforce Solutions Student Skills Progress

Workforce Solutions (WFS) provides financial assistance for occupational related training with instructional service providers. This support aims to equip learners with individualized occupational skills and credentials, empowering them to apply their knowledge immediately and enhance their earning potential.

A key indicator of progress is the Measurable Skills Gain (MSG), which tracks the student's interim progress toward obtaining a credential. Participants can achieve an MSG Type 4 Progress Milestone by demonstrating satisfactory or better progress throughout training.
